Professional Summary

Results-driven Full Stack Developer with 3+ internships and proven experience delivering production-grade web applications for real clients. Skilled in building end-to-end solutions using React, TypeScript, Django, Node.js, and PostgreSQL. Led the development of an ISP management system serving 200+ customers and multiple e-commerce platforms. Strong problem-solver with a track record of shipping scalable, clean code on time.

Professional Experience

Full Stack Developer | HaadinGlobal | June 2026 – Present | On-site

- Developed and deployed production web applications using React, TypeScript, Express, and PostgreSQL.
- Built an ISP management system serving 200+ customers and a product catalogue app with WooCommerce API integration.

Full Stack Developer Intern | Intern Intelligence | Sep – Oct 2025 | Remote

- Built a movie discovery platform and e-commerce site using Django, JavaScript, and Tailwind CSS.
- Integrated TMDB API for dynamic content and implemented user authentication with data management.

Frontend Developer Intern | Elevvo Pathways | Aug 2025 | Remote

- Developed responsive landing pages, blogs, and contact forms using HTML, CSS, JavaScript, and Tailwind CSS.
- Integrated OpenWeatherMap API for a real-time weather dashboard with geolocation support.

Frontend Developer Intern | Code Sentinel | Jul 2025 | Remote

- Built landing pages, to-do apps, and portfolio websites using HTML, CSS, JavaScript, and Tailwind CSS.
- Participated in code reviews and maintained clean, reusable code across projects.

Key Projects

ISP Management System | HaadinGlobal

- Full-stack ISP portal serving 200+ customers with admin dashboard, package management, payment verification, and complaint handling.
- Tech: React, Vite, Tailwind CSS, Express, PostgreSQL, Drizzle ORM, JWT, bcrypt, Recharts.

AI-Powered Institutional Platform | Royal International School System, Multan

- AI-based attendance system using computer vision and facial recognition. Multi-role platform for teachers, parents, admin, and students.
- Tech: Django, Python, Tailwind CSS, AI/ML, Computer Vision.

Product Catalogue | HaadinGlobal

- WooCommerce-integrated product catalogue with API proxy, image optimization, and responsive design.
- Tech: React, TypeScript, Node.js, Express, Vite.

MovieHub | Django Movie Discovery

- Movie discovery platform with TMDB API integration, search, detailed views, and user authentication.
- Tech: Django, Python, Tailwind CSS, JavaScript, SQLite, TMDB API.

Weather Dashboard | Real-Time Weather App

- Dynamic weather app displaying current weather and 5-day forecasts using OpenWeatherMap API.
- Features city search and geolocation support.
- Tech: JavaScript, HTML, CSS, Tailwind CSS, OpenWeatherMap API.

Technical Skills

Languages: Python, C++, JavaScript, TypeScript

Frontend: React, HTML5, CSS3, Tailwind CSS, Bootstrap, shadcn/ui

Backend: Django, Express, Node.js, REST API Integration, WebSockets

Database: PostgreSQL, SQLite, Drizzle ORM, Django ORM, SQL

Authentication: JWT, bcrypt

APIs: TMDB API, OpenWeatherMap API, WooCommerce API

Deployment & Tools: Vite, pnpm, Vercel, PythonAnywhere, Netlify, Git, GitHub

Education

B.S. Computer Science | COMSATS University Islamabad

Feb 2023 – Jan 2027 | CGPA: 3.86

Certificates

- Google Soft Skills Training Program Certificate - PAFLA
- Problem Solving (Basic) Certificate - HackerRank
- Frontend Developer Intern Certificate - Code Sentinel
- Frontend Developer Intern Certificate - Elevvo Pathways
- Full Stack Developer Intern Certificate - Intern Intelligence
